

BLUE MOUNTAINS PHOTOGRAPHY GROUP AUGUST 2011

“If you are out there shooting, things will happen for you. If you’re not out there, you’ll only hear about it.”

— Jay Maisel

Upcoming events

- 8th August: *Open and Theme (Moody Mono) Exhibition. Ray Finnernan*
- 22nd August: *Phil Ramsden lecture on Travel photography*
- Rest of year programme is available on the web site.*

Members Choice July: Robyn Cook

SYDNEY WEST INTERCLUB 2011 CHAMPIONS

YES WE WON!!!

Well done to the committee, particularly Ann Dent, for the work on hosting the Sydney West Interclub. Also well done to all the photographers who entered work to be used for the competition. There were more authors selected this year than the past, and I think this displays the fact that our members are not only involved, but are continually improving their craft.

A special well done to Dave Glazebrook (the only 15 awarded.....it was his Gold AIPP image!) and Robyn Cook who performed extremely well with all her images.

The committee work very hard before, during and after these events and should be publicly thanked for their input. It is often a thankless task, but one that is greatly appreciated by all members.

Whilst on the topic, congrats to all newly elected committee members. Looking forward to another strong year.

Blue Mountains Photography Group workshop 2011

When: 17th September 2011

Where: Winmalee Public School

BLOCK OUT THE DATE IN YOUR DIARY.

Details available on the clubs website:

www.bmpg.org.au

Register asap.

TIP OF THE MONTH:

Focus then recompose. Many cameras allow you to pre-focus a shot by half-pressing the shutter button, and then when the right moment is there, fully press the shutter. This way you can capture that perfect moment more precisely, especially with older point-and-shoot cameras that have a longer shutter delay than more recent ones.

This process was used for the image below.
